## **ABUTTERS' MEETING NOTICE**

### CITY OF MELROSE SOUTH MAIN STREET PILOT

As a continuation of our pilot program for the southern portion of Main Street, the City will be holding an on-site neighborhood meeting for the immediate abutters to the project. **The meeting will take place on Wednesday, September 29<sup>th</sup> at 5:30 PM. We will be meeting in person, at the corner of Main Street and Rockview Avenue. Out of an abundance of caution, we strongly encourage you to wear a mask.**

As discussed at our July community forum, the intent of this project is to evaluate possible changes to the line striping on South Main Street to improve pedestrian, bicycle, and vehicular safety improvements.

Please note that this meeting is intended to be for abutters to the project only, to provide a dedicated opportunity to discuss your questions and feedback. Please also fill out our community survey, which is available to all members of the community and all users of the roadway. The survey can be obtained here:

<https://www.surveymonkey.com/r/SouthMainMelrose>

If you prefer to fill out a hard copy of the survey, they are available at the Engineering Division in Melrose City Hall and at the City Yard at 72 Tremont Street.

If you have any questions in advance of the meeting, please contact the Melrose Engineering Division at 781-979-4172. We hope you will be able to join us.
