ROADWAY REPAIRS

GROVE STREET – LEBANON TO MERDIAN

The City of Melrose Department of Public Works with our contractor, D&R Paving, will be performing **pavement repairs on Grove Street between Lebanon Street and Meridian Street on Tuesday, December 1st, starting at 10:00 a.m.**

Parking and driving on Grove Street during paving will be prohibited. Please move cars to adjacent side streets prior to 10:00 a.m. in order to best facilitate the work.

Although Grove Street was not in our original 2020 paving program, the road has deteriorated significantly and requires attention prior to winter. Please note that this is a pavement repair project and will not constitute a full repaving of the roadway. The work should, however, provide a significant improvement over the current conditions and should minimize the type of deterioration and potholes that have occurred in recent years.

DPW inspectors and police details will be onsite if you require assistance. If you have questions or require a special/unique need during this period of construction, please call the Engineering Division of the Melrose Public Works Department at 781-979-4172.

Thank you for your patience during the course of this work.
